SUMMARY

Strong and scalable web and app application design, implementation, and maintenance are the hallmarks of this highly qualified and driven Full Stack Developer and App Developer. Proficient in XML, Kotlin, HTML, CSS, JavaScript, and a number of frameworks (React, Node.js, Django, AngularJS, VueJS), as well as front-end and back-end development. Demonstrates a sharp eye for detail, strong problem-solving skills, and effective communication. Experienced in collaborating with cross-functional teams in agile environments to deliver high-quality software and mobile app solutions on schedule. Skilled at maintaining flawless user experiences while optimizing both application and mobile app performance. Enthusiastic about continuously learning new skills and staying updated with market developments.

EXPERIENCE

Timedoor Academy – Jakarta, Indonesia

Part Time - Programming Teacher (August 2023 – Present)

- **Guiding Kids and Teenagers in the Realm of Programming:** Provided instruction and mentorship with a focus on JavaScript, Python, and AI. Tailored lessons to individual learning styles, fostering a supportive learning environment.
- **Developed Games, Websites, and Animations:** Led students through hands-on projects from conceptualization to coding and deployment. Ensured practical application of programming concepts.
- **Researching User Experiences and Creating Wireframes and Mockups:** Conducted UX research and instructed students in designing user-friendly interfaces. Taught wireframe and mockup creation using industry-standard tools.
- **Conducting Skills Tests and Short Interviews with Prospective Students:** Evaluated programming proficiency through skills assessments and interviews, recommending suitable class placements.

Pratama Mulia Properti – Tangerang Selatan, Indonesia

Freelance - Professional Consultant (December 2021 – July 2024)

- **Attract Prospective Buyers, Tenants, or Investors by Creating Compelling Marketing Campaigns:** I developed and executed multi-channel marketing campaigns, designed promotional materials, and tailored messages based on market trends. I collaborated with designers and photographers and managed social media accounts to boost online presence.
- **Make a Transaction Between Buyer and Seller:** I facilitated property viewings, negotiated terms, ensured legal document accuracy, assisted with mortgage approvals,

maintained client relationships, and stayed informed on market trends.

ORGANIZATION

KEPRESIDENAN MAHASISWA UNIVERSITAS TRISAKTI – Jakarta, Indonesia

Ministry of Foreign (March - December 2024)

As a Staff Member in the Ministry of Foreign Affairs under the Cabinet Berdikari, I am responsible for handling external issues involving consolidation and cooperation with related universities, government institutions, and the media. This role includes developing strategic relationships to strengthen the image of the MM-UT organization off-campus and contributing to the resolution of key issues concerning students at a national level.

- **Consolidation with Related Universities:** As part of my role in the Ministry of Foreign Affairs under Cabinet Berdikari, I played a key role in consolidating relationships with various universities. I successfully initiated and organized meetings and discussions that facilitated collaboration on educational issues, program cooperation, and cultural exchanges. My efforts in establishing strategic partnerships with student organizations from other campuses significantly strengthened inter-institutional relations and expanded opportunities for collaboration. Additionally, I coordinated joint events, such as seminars, workshops, and conferences, that involved various higher education institutions, contributing to the shared goals of academic and cultural enrichment.
- **Handling Off-Campus Issues :** I was actively involved in addressing off-campus issues that could impact the campus community. I successfully identified and analyzed external challenges, developing effective response strategies to mitigate potential risks. My participation in forums and public discussions allowed me to represent the voice and interests of students at both regional and national levels. Additionally, I coordinated social action and advocacy activities, driving initiatives that delivered positive impacts on the broader community.
- **Collaboration with Governments Agencies:** I facilitated collaboration between student organizations and government agencies. I effectively conveyed student aspirations and interests to government officials through organized audiences and official meetings, focusing on educational policies and relevant development programs. Additionally, I closely monitored government regulations impacting the campus environment and prepared actionable recommendations to ensure the organization's alignment with these policies.

BEM FTI TRISAKTI – Jakarta, Indonesia

Social Action and Student Society (February - November 2023)

During my tenure with BEM FTI TRISAKTI in Jakarta, Indonesia, as part of the Social Action and Student Society, I played a crucial role in facilitating effective communication and coordination.

- **Distributor and Liaison for Communications:** I served as the main contact for distributing internal and external communications, ensuring timely and transparent updates to members and stakeholders.

- **Coordination of Policies and Work Programs:** I coordinated policies and work programs for the social division, organizing meetings, workshops, and events to benefit the student community and promote social action.
- **Facilitation of Internal and External Communication:** I fostered effective communication between departments and external stakeholders, ensuring alignment with organizational goals and facilitating collaboration.

PKKMB 2023 – Jakarta, Indonesia

Field Coordinator (August 2023)

As the Field Coordinator for PKKMB 2023 in Jakarta, Indonesia, I assumed a pivotal role in orchestrating the logistical and operational aspects of the program. My responsibilities included :

- Coordinating and managing activities in the field to ensure smooth execution of the program.
- Overseeing the setup and arrangement of venues, equipment, and resources necessary for the event.
- Providing on-site supervision to ensure adherence to schedules and program agendas.
- Acting as a point of contact for participants, volunteers, and stakeholders, addressing inquiries and resolving issues promptly.
- Collaborating with team members and stakeholders to implement and enhance the overall experience for participants.

FTI FEST – Jakarta, Indonesia

Staff Event (May - June 2023)

As a Staff Event member at FTI FEST, I was entrusted with ensuring the seamless execution of the event. My responsibilities encompassed several key areas.

- **Smooth Running of the Event:** I coordinated logistics and technical aspects to ensure smooth event operations, overseeing setup, managing timelines, and resolving challenges promptly.
- **Event Activity Manual Creation:** I developed a comprehensive event activity manual with clear guidelines and schedules, ensuring participants and committee members understood their roles and responsibilities.
- **Organizing and Implementing Events:** I organized and implemented events aligned with objectives, involving detailed planning, budget management, and team coordination to deliver impactful experiences.

FTI Upgrading – Jakarta, Indonesia

Staff Event (March 2023)

As a Staff Event member for FTI Upgrading in Jakarta, Indonesia, my responsibilities encompassed detailed planning and coordination to ensure the event's success.

- **Detailed Schedule of Events:** I developed a comprehensive schedule detailing all event activities, timings, and logistical requirements, ensuring seamless and well-coordinated execution.
- **Socializing Event Schedule:** I communicated the event schedule to

stakeholders, providing regular updates to align everyone with the event's timeline and objectives.

- ● **Coordination with Equipment Division:** I collaborated with the equipment division to compile a detailed list of required resources, assessing technical needs, coordinating deliveries, and ensuring all equipment was properly set up and operational throughout the event.
